

"I am so happy here. It's been the best move for me. And my daughter says, 'I'm so happy that you're happy!'"

-Lauralee from Berkshire at Kensington

Are you ready for your tour?

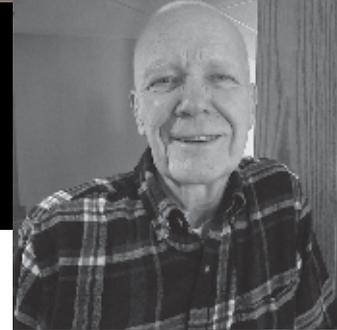

"You get a lot for your money. There is no doubt about that. I went to eight different senior communities in this area. No one came even close to offering what I get here for the money. How can you pass this up?"

-Nancy from Berkshire at Kensington

"People treat each other very well. When you're new, someone takes you under their wing. The friendships that develop are amazing."

-Carol from Berkshire - Grafton

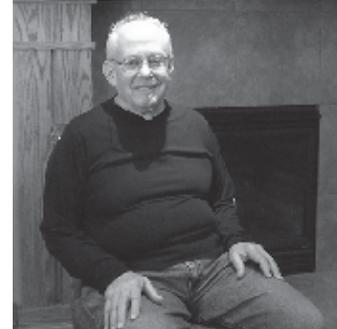

"This is the first apartment I've ever lived in. I love it here. I'm very happy. At first, I didn't think I would like it, having moved from a home and all. But now I would not want to live in a house again."

-Kathy from Berkshire at Sunset

"Before I start my day, I go to the Fitness Center every morning. There are several different machines to choose from, Depending on your needs and abilities. You don't have to drive anywhere. It's all right here."

-Nancy from Berkshire at Kensington

"You would be surprised what goes on here! We still have a lot of life in us yet! We tell jokes, we talk about what happened in our lives, we talk about our kids. We share... It's up to you what you want to do with your life. It's no different than being a teenager and having choices. We have choices, too. It depends what you want to do with your life..."

-Mary from Berkshire at Kensington
